Our school's unique philosophy is captured within the 'Unicorn Promise':

- Strive to achieve
- Respect myself and others
- Challenge myself
- Solve my problems
- I Can Do It!

We strive for excellence in everything we do so **everyone achieves**

Each and every one of our children's progress and achievements are tracked carefully and they are given a wide range of help to support and extend their learning. We strive to ensure that each child is given every opportunity to reach their full potential.

Children are supported and inspired by a team of talented and enthusiastic staff, dedicated governors and school volunteers. Our 'Unicorn Promise' encourages our children to develop a 'can do' approach to learning. They are encouraged to see that making mistakes is a necessary and important part of the learning process.

Children leave **with confidence, direction, wonder and compassion**

We are very proud of our children. They come happily into school and are excited to learn. Every day they take on new challenges with enthusiasm and a keen interest. Our children are responsible and sensible members of the school community. They know how to stay healthy, keep safe and enjoy learning.

Our school dinners are nutritionally balanced and the children say that they are very tasty! They are popular with the children and are eaten in a family setting.

We hope that our children leave us equipped to be successful and worthwhile citizens who make their way in the world with confidence, compassion and wonder.

"Unicorn teachers and staff have made our time in Unicorn a wonderful and memorable experience. You have been a wonderful head teacher and the boys adore and respect you so much."
